

**Jonathan Lee, RN, BSN**  
**Clinical Learning Manager of Clinical Education Programs**  
**Children's Healthcare of Atlanta**

Jonathan Lee, RN, BSN, is Clinical Learning Manager of Clinical Education Programs at Children's Healthcare of Atlanta. Children's is the leading pediatric healthcare provider in Georgia and is nationally ranked in 10 pediatric specialties. Children's provides access to 2,000 pediatric physicians and allied health practitioners across more than 60 pediatric programs. The health system represents a committed movement of more than 13,000 employees and more than 10,000 volunteers.

Jonathan has been at Children's for 10 years and has held various roles as a bed-side clinician, nursing leader and professional development specialist. He has been responsible for building the Case Management program at Hughes Spalding Hospital and spent 5 years in Hematology and Oncology as clinician and leader responsible for daily clinical operations. Jonathan has leveraged his experience at all 3 pediatric hospitals at Children's in his current role, where he is responsible for a team of over 20 who provide learning experiences ranging from mandatory onboarding education, continuing education and crisis prevention training to thousands of employees annually.

Jonathan is a Registered Nurse and holds a Bachelor of Science in Nursing from the University of North Georgia.
