

Dr. Felicia Bolden Mobley, FACHE serves as the Director of Health Equity at Grady Health System. In her role, she provides leadership to advance and implement initiatives designed to improve health equity. Additionally, she ensures the attainment of the strategic goals of the Office of Health Equity and develops innovative engagement strategies with community stakeholders. Prior to this role, Dr. Mobley served as the District Program Director, for the Fulton County Board of Health where she was responsible for promoting strategies and business practices that support programmatic and clinical operations as well as workforce development.

During her 20+ year career, Dr. Mobley has served in a variety of healthcare settings including academic medical centers, non-profit health organizations, and higher education. Her administrative leadership roles have included leadership development, strategic planning, operations management, and quality.

Dr. Mobley is a member of several civic and professional organizations including the American College of Health Care Executives, and the Georgia Association of Healthcare Executives.

Dr. Mobley received a Bachelor of Science in Biology from Xavier University of Louisiana, a Master of Health Administration from Washington University School of Medicine, and a Doctor of Philosophy in Health Sciences from Northern Illinois University.
