

Monique M. Rivera-Hart

<https://www.linkedin.com/in/moniquehart/>

Monique Hart is a seasoned Information Risk and Security Professional with over 20 years of practical work experience in Information Risk Management, IT Policy and Governance, Vulnerability Management, and Incident Response. In addition, her work crosses multiple industries including Healthcare, Food & Beverages, Media & Entertainment, Human Resources, Transportation, and Telecommunications. Currently, she leads Information Security for Piedmont Healthcare – a 22 hospital system and the largest healthcare provider in Georgia. In this role, she is responsible for overseeing the management of material risk of electronic Health Care information and content as it pertains to Piedmont Healthcare’s business, employee, and patient information.

Monique acquired her MBA with honors from Kennesaw State University. She also graduated Magna Cum Laude with a degree in information technology and is a HealthCare Information Security and Privacy Practitioner (HCISPP) and certified in Risk and Information Systems Control (CRISC). She is a member of the professional organizations InfraGard and H-ISAC (Health Information Sharing and Analysis Center) and currently serves as Vice President of the InfraGard Atlanta Board.

During her down time, you can find her reading a book, volunteering, mentoring others, or cheering for her favorite soccer team on the sidelines.
